

Honoring Heroes

APRIL 2-30

Olympic Hot Tub is continuing its annual tradition of honoring and providing support to our American Heroes. Each year, we'll highlight and give back to a charitable cause tied to either the military, police, fire, or public teachers—all heroes to us for incredible reasons.

This year's beneficiary: Water for a Warrior

This organization works to help combat and service wounded veterans by providing hot tubs when hot water therapy has been identified as critical to aid in recovery and well-being and improve quality of life.

Water for a Warrior works at a local level to provide hot tubs and other aquatic therapy to veterans that live in our own area! Their organization has very low overhead (they do not even take salaries!), which allows them to give a very high percentage of every dollar raised directly to the projects supporting brave men and women who have given so much to help preserve and protect our freedom.
